

ANNOUNCEMENT FOR THE AWARD OF A POST-DOCTORAL RESEARCH FELLOWSHIP

Post-Doctoral research Fellowship - 1 vacancy

28/ECUM/CFUM/2023 - SPIN ME

A call for applications is now open for the attribution of 1(one) grant of post-doctoral research fellowship within the scope of the R&D project (Spintronics from magnetoelectrics/Center of Physics, School of Sciences, University of Minho), (28/ECUM/CFUM/2023 - SPIN ME), financed by national funds through (Foundation for Science and Technology (FCT)), under the following conditions:

Scientific Area: Materials Engineering, Project Engineering, Electronic Engineering, Physics, Chemistry, or related areas

Recipient category: The BIPD are intended for doctorates in the area of Materials Engineering, Project Engineering, Electronic Engineering, Physics, Chemistry, or related areas, who cumulatively meet the following requirements:

- Holders of a PhD degree obtained in the three years prior to the date of submission of the fellowship application***;
- Have carried out the research work that led to the attribution of a PhD degree in an entity other than the host unit (name)**;
- Do not exceed, with the conclusion of the contract in question, including possible renewals, a cumulative period of three years in this type of fellowship, consecutive or interpolated.

Candidates who do not cumulatively meet the requirements described will be excluded.

Other requirements: None

** Different R&D Units are included, even if located in the same Organic Unit (UOEI) of UMinho (no. 4 and 5 of article 7 of the FCT I.P Research Grant Regulation, in force)

***Documents proving the ownership of academic degrees and diplomas, or their respective recognition when they have been awarded by foreign higher education institutions, when applicable for the type of scholarship in the call for applications, may be waived at the application stage, being replaced by declaration of hono Materials Engineering, Project Engineering, Electronic Engineering, Physics, Chemistry, or related areas r of the candidate, with the verification of this condition occurring only in the phase of contracting the scholarship. This statement must attest facts that occurred on a date prior to the application. In situations of divergence between the information contained in the declaration and the documentation submitted for the purpose of contracting the grant, only the information contained in the latter will be considered. If it is verified that the documents proving the ownership of the academic degree and diploma, or the respective recognition under the terms of Decree-Law No. 66/2018, of August 16, do not correspond to the classifications awarded in the evaluation of the academic path and may, consequently, change the candidate's ranking, the fellowship contracting will not be done.

Applicants eligibility: Applicants must comply with the eligibility conditions laid down in article 9 of the Research Grants Regulation of the Portuguese Foundation for Science and Technology (2019).

Workplan and objectives to be achieved: The fellow will be expected to carry out work advanced magnetic, dielectric and conductive materials processing and characterizations in the scope of in spin-valve platform development. Further, materials will be processed in the form of inks for different printing technologies, such as screen- and direct-ink writing. A magnetoelectric-Spin-valve platform will be printed and a magnetoelectric-Spin-Valve USB memory and magnetoelectric-Spin-Valve magnetic sensor will be developed within the project. The candidate will also take part in the proof of concept device development and evaluation.

Applicable legislation and regulations: Research Fellowship Holder Statutes, approved by Law no. 40/2004 of August 18, in its current version published by Decree-Law no. 123/2019 of August 28; Regulation of Scientific Research Fellowships of the University of Minho (RBIC), published in “Diário da República”, 2nd series, no. 119, through dispatch no. 6524/2020 of 22-06-2020, ratified by ratification declaration no. 447/2021 of 22-06-2021 and Regulation of Research Studentships and Fellowships (RBI) of the Foundation for Science and Technology, I.P. - in force.

Host/Contracting institution and scientific supervision: The workplan will be carried out in the Center of Physics of University of Minho and Porto, located in the Braga, under the scientific supervision of the Doctor Pedro Martins.

Fellowship duration: The grant will take place for a period of 30 months, with a provisional starting date on the July of 2023.

Amount of the research grant: The value stipend (Monthly Maintenance Allowance) is **1.741,00 euros**, per month, in accordance with the stipends values published by the Foundation for Science and Technology (FCT I.P.) in the country (Annex I – Monthly Stipends Values for the maintenance allowances of the [FCT Regulation for Research Studentships and Fellowships](#)) and Annex II of the Regulation of Scientific Research Fellowships of the University of Minho (RBIC), published in “Diário da República”, 2nd series, no. 119, through dispatch no. 6524/2020 of 22-06-2020, ratified by ratification declaration no. 447/2021 of 22-06-2021, according to the applicable regulation.

Payment is made on the 23st of each month, through bank transfer to the Bank Identification Number of the fellow identified in the contractualization process.

Other benefits: Reimbursement of Voluntary Social Security (Social Security contributions), corresponding to the 1st level of discounts (*for research grants with a total duration 6 months or higher*) and personal accident insurance.

Exclusivity regime: The grantee will perform the activities under exclusivity, as foreseen in article 5^o of the Research Fellow Statutes and applicable regulations.

Selection panel:

President: Doctor Pedro Libânio de Abreu Martins, Assistant Researcher, Center of Physics, School of Sciences, University of Minho

Effective members: Professor Senentxu Lanceros-Mendez, Researcher, Center of Physics, School of Sciences, University of Minho and Doctor Vitor Manuel Gomes Correia, Researcher, CMEMS, School of Engineering, University of Minho.

Substitute members: Pedro Filipe Ribeiro da Costa, Researcher, Center of Physics, School of Sciences, University of Minho and Doctor Daniela Maria da Silva Correia, Researcher, Center of Chemistry, School of Sciences, University of Minho.

The first effective member will substitute the President of the selection panel in case of impediment, being nominate the first substitute member in the place of the first effective member.

The Jury, including the President, undertake the commitment to respect a set of responsibilities essential to the evaluation process, such as the duties of impartiality, of stating any potential situations of conflict of interest and confidentiality.

Applicant Merit - AM (100%):

- a) Academic path (considering the classifications of academic degrees), with a weighting of 20%;
- b) Personal curriculum (considering professional and scientific background), with a weighting of 65%;
- c) Motivation letter, with a weighting of 15%.

The final classification of the applicant's merit with the achieved through the following formula:

$$MC = (a \times 0,2) + (b \times 0,65) + (c \times 0,15)$$

The academic degrees and diplomas documents, or their respective recognition when awarded by foreign higher education institutions are not mandatory in the application phase, being replaced by a declaration of honor of the candidate with the contents of academic results. The documents of academic qualification or respective recognition will be required in the contracting phase and must attest facts that occurred on a date prior to the application. In situations of divergence between the information contained in the declaration and the documentation submitted for contracting the grant, only the information contained in the latter will be consider. If the documents proving the ownership of the academic degree and diploma, or the respective recognition under the terms of Decree-Law No. 66/2018, of August 16, do not correspond to the classifications awarded in the evaluation of the academic path, which can change the candidate's ranking, the fellowship won't be contracted.

Application deadline and submission: The call for applications is open for a period of **10 working days** from the date of publication on the Euraxess portal.

Applications must be formalized, mandatorily, by sending an application letter accompanied by the following documents: curriculum vitae; certificate of qualifications or declaration of the candidate (if applicable); letter of interest; letters of recommendation; other documents considered relevant to the assessment of the scientific and professional path.

Applications must be sent by email to **bolsas@ecum.uminho.pt**, indicating the reference **28/ECUM/CFUM/2023 - SPIN ME** of the call for applications in Subject. Applications submitted by other means will not be accepted.

Fellowship contractualization: The fellowship will be attributed by signing a fellowship contract between the University of Minho and the fellow, accordingly with the contract minute (annex IV of the Regulation of Research Fellowships of the University of Minho (RBIC), published in *Diário da República, 2nd Série, no. 119*, through

dispatch no. 6524/2020 of 22-06-2020, ratified by ratification declaration no. 447/2021 of 22-06-2021, as indicated in 2.4 of the FCT document: "[Rules for Granting and Management of Grants within the scope of R&D projects, including infrastructure projects, the multi-annual financing program for R&D units and other FCT financing instruments \(Version 2021\)](#)".

The contract may only be concluded after all the documentation required is collected, which must take place within a maximum period of 6 months.

Once all the documentation has been received, the contracting entity has a period of 60 working days to conclude the scholarship contract. Once received, the fellow must return the contract duly signed within 15 working days.

The activities under the fellowship contract can only be begun after proper authorization by the contracting entity.

Term and cancellation of fellowship contracts: Without prejudice to the other causes provided the fellowship regulations (FCT and UMinho) and in the Statute of the Research Fellow, the fellowship ends with the completion of the work plan, as well as with the expiration date for which it was granted or renewed.

At the end of the fellowship, the grantee is obliged to present a Final Report of the work carried out, in accordance with the objectives and evaluation criteria defined with the scientific advisor, within 30 days after the end of the scholarship.

The **final report** must be prepared in accordance with Annex I of the Scientific Research Fellowships Regulation of the University of Minho (RBIC), published in *Diário da República, 2nd Série, no. 119*, through dispatch no. 6524/2020 of 22-06-2020, ratified by ratification declaration no. 447/2021 of 22-06-2021.
